

# CHARLES MARSHALL

**Vice President, ITC Holdings Corp. &  
President, ITC Michigan**

Charles Marshall is Vice President, ITC Holdings Corp., and President, ITC Michigan. In this role, he leads the strategic direction for the ITC *Transmission* and METC operating companies. Prior to this role, he was Vice President, Transmission Planning, responsible for identifying all transmission system needs and developing system solutions to ensure the reliable and economic delivery of electricity to customers across ITC's four operating subsidiaries.

Mr. Marshall previously served as Director of Transmission Planning. He joined ITC as an Associate Engineer in 2004. His experiences range from regulatory policy and stakeholder relations to project engineering and business unit planning.

Mr. Marshall was appointed to the Michigan Infrastructure Council in 2024 for a three-year term. The Council's mission is to define a vision for Michigan's infrastructure that provides the foundation for public and environmental health, economic prosperity, and quality of life.

Mr. Marshall previously served as a member of the Midwest Reliability Organization (MRO) Board of Directors from January 2021 – December 2023. He earned a Bachelor of Science in electrical engineering from Michigan Technological University and a Master of Business Administration from the University of Michigan-Flint.

## About ITC

ITC Holdings Corp. is the largest independent electricity transmission company in the United States. ITC provides transmission grid solutions to improve reliability, expand access to markets, allow new generating resources to interconnect to its systems and lower the overall cost of delivered energy.
